

# Service Desk Outsourcing

## Bell Techlogix - A Proven Approach

Our industry leading Automated Service Desk delivers flexible support models to fit our clients business. With a focus on the middle market, Bell Techlogix enables our clients to rapidly respond to changing market conditions providing an exclusive customer experience that is consistent across our agents. Improve your access, reduce your resolution times and improve your end-user experience with our experienced team. Bell Techlogix has decades of proven experience in delivering support solutions to organizations across the nation.

## IT and Mobile Technology Service Desks

- **Full Service Desk Support:** Bell Techlogix designs, delivers and manages full Service Desk implementations. Our 24x7xAlways advanced call center provides clients the opportunity to leverage advanced tools and professional agents to improve end-user experiences.
- **Overnight and Weekend Coverage:** Bell Techlogix offers flexible coverage models to answer and respond to calls 24x7xAlways. Additionally, Bell Techlogix can help you flex your support model by providing additional hours and/or temporary coverage.
- **Desktop Support:** Bell Techlogix utilizes its integrated tool sets to distribute, manage and resolve issues that require on-site support. Certified technicians provide support at the home office or remote locations nationwide.
- **Self Service Portals:** Bell Techlogix assists clients in building easy to use portals that allow end-users to leverage our Knowledge Management capability to address common issues without accessing live agents - reducing operational costs and improving end-user satisfaction.
- **Service Desk as Your IT Support HUB:** Integrate Remote Monitoring, Asset Management, Mobile Device Management, Depot Services and other valuable Bell Techlogix Managed Services.

## Enhancing Your Service Desk

### Experts in your Environment

Bell Techlogix's detailed methodology allows us to learn your business operation and then leverage our 30+ years of hands-on experience and advanced tools to build a model custom to your needs.

### Experts in your Technology

Our certifications include Apple, Android, Cisco, Dell, HP, IBM, Microsoft, RIM and many other industry leaders. Our core team of subject matter experts currently carries over 500 industry certifications.

### Advanced Tools and Reporting

Bell Techlogix utilizes industry leading tools like Remedy, Interactive Intelligence, Bomgar, BES and Good Technologies to provide exceptional management, tracking and reporting needed to deliver best-in-class service desk models.

### Optimized Desktop Environment

Bell Techlogix offers our clients the opportunity to integrate a comprehensive set of complimentary services, such as On-site Repair, Mobile Device Management, Remote Monitoring and other services to truly optimize the management of the desktop.

### Satisfied Clients

With over 30 years of experience in designing and executing service desks focused on the needs of the mid-market, Bell Techlogix knows that in order to be successful you need to build what each client needs and not just implement off-the-shelf solutions.

**The bottom line result is Bell Techlogix's Managed Services retention of 98% over the last two years.**

## TECHNOLOGY LOGISTICS CENTERS

### Our Client's Experience:

- Reduction of service delivery costs
- Better balance of peak loads and activity
- Access to best-in-class processes, procedures and technologies
- Better overall service levels
- Improved 1st time resolution and productivity
- Ability to focus key resources and dollars on core projects and initiatives

**Large Enough to Execute, Small Enough to Care.**
